Objective
I am currently a Software Engineer in Dallas TX, developing my skills and gaining good, real-world experience.

Education

UT Dallas (2010-2014)	**Bastrop High School** (2006-2010)
Bachelor of Science, with a Major in Software Engineering	General Educational Development
2601 N Floyd Rd, Richardson, TX 75080	1614 Chambers St Bastrop, TX 78602
GPA: 3.401 Cumulative	GPA: 99.0410, Class Rank: 28 out of 539 (top 5%)

Work Experience

Motio, Inc	Dallas, TX 75252	2014-Present

Software Engineer: Currently working on huge-scale business intelligent systems that work closely with IBM Cognos and are used by thousands of businesses globally. Work with Java and JavaFx UI, Subversion, VirtualBox, SQL, Linux, many networking and diagnostic tools including Fiddler and Wireshark, ExtJS, Javascript/PHP, Hibernate/Spring, and many, many other tools.

Steel Penny Games	Austin, TX 78727 (512) 769-0096	2013-2014

Game Programmer: Remotely diagnosed, edited, and tested source code for faults with minimal supervision for an online, free-to-play Facebook game. Worked in ActionScript 3, Javascript, PHP, and MySQL over a Git repository.

Hyper Computers	Bastrop, TX 78602 (512) 321-2275	2012-2013

Computer Repair and Maintenance: Diagnosed and resolved hardware and software issues on client computers, including virus protection, software installation, operating system repair and installations, desktop computer assembly, laptop motherboard and screen replacements, performance testing, and wireless and modem connections.

Vector Marketing	Austin, TX 78734, (432) 686-9675	2011-2013

Sales Representative: Sold over $6000 of Cutco knives and accessories to personally recommended residents in the Bastrop and Austin areas. Met and spoke with clients one-on-one and in small groups to present the benefits and advantages to Cutco merchandise and fulfill orders. Experience working as a private contractor.

Hannibal Lokumbe Music	Bastrop, TX 78602, (512) 590-1057	2007-2008

Score Arrangement Publication: Researched, purchased, and learned new publication software to digitally transcribe large orchestral and choir scores into conductor's scores, instrument sheets, and hymn books. Published music performed for the Black Classical Musicians and Concerts 2008-2009 in Philadelphia, Pa.

Projects

The White Cane	2013-2014

Creative Director and programmer for a year-long student game development project. Led a small team of artists and programmers to create a survival-horror memory game that takes place in complete darkness. The game is was featured on IndieGames.com, and the current build can be downloaded at http://kice.me/whitecane

Harlequin Noir	2012

One of three programmers for a semester-long independent game project at the University of Texas at Dallas. Designed a real time brawler and combo system, as well as game movement and control.

Fetal Gestational Age Calculator	2011

Designed and wrote a program to calculate the fetal gestational age and target dates for specific fetal diagnostic testing, for Hill Country Maternal Fetal Medicine in Austin.

Eagle Scout Project	2008-2009

Designed, budgeted, and raised $2,000 for the construction of a 8' by 10' cat habitat for Dreamtime Sanctuary in Elgin, Texas. Managed crews for the completion of the 281 hour project.
